The 2nd annual Buena Vista Bicycle Festival is now behind us, and it was a great success. There were some 164 participants, with everyone appearing to have a wonderful time. The Mountain Bike routes were particularly well received; passing through terrain that was both beautiful and challenging. The various trails accommodated riders of all skill levels, the weather was excellent, and spirits were high. The road rides were also well received. Who could possibly complain with the tremendous view of the Collegiate Mountain Range as a backdrop to enhance their riding pleasure?

To make this event an even more positive undertaking for the Club, it appears that we came out in the black financially. This was in large part due to the sponsorship of the New Belgium Brewing Company (both in money and beer!), as well as the superb planning of the Club committee that made this event such a memorable one. Our most heartfelt thanks go to the club volunteers, the town of Buena Vista, the Vista Inn, the Super 8 Motel, the County Sheriff's Dept., and all the other organizations that helped

with the BVBF. This event is certainly becoming the stellar bike festival we hoped it would be!

Now that we have the warm weather months ahead of us, the Cycling Club is becoming even more active than it has been. There are lots of rides planned, not to mention the annual picnic (to be at Bear Creek Park this year). The new ride rating system is becoming a reality and we hope to have some exciting speakers at future club meetings (for those of you who missed her, Alison Dunlap was a captivating and informative speaker at the meeting this past May). All we need now is the energy and participation of more Club members as ride coordinators, and active contributors to the planning, administration, and implementation of Club activities. This too is on the rise, with more and more members assisting with club business (Bill Ryan has taken over as the newsletter publisher and monthly general membership Club meetings are now attracting 30 bicyclists on a consistent basis). Well, that's all for now. Hope to see you all on rides this summer!

Hola a tu Editorodor

Barcelona was the best of the cities I visited on my Mediterrean Cruise that was a surperb five star touring experience. In 17 days, I visited Marsellies and Villefranche in France; Florence, Naples, Venice, Messina, and Rome in Italy; Barcelona in Spain; and Frankfurt in Germany. Barcelona highlights included touring the Picasso Museum, a marvelous Tapas Bar sidewalk cafe dinning experience, the Gaudi architecture of the Sagrada Familia Cathedral and Flamenco night club entertainment.

Regarding Club business, in support of the ongoing effort to establish the ride classification system, a new page has been added to the Club's web site titled Protocol. This includes links to the Ride Classification System as well a guidelines, and laws, governing safe cycling. Ideally, all club member will be familar with the contents of these pages. At the last club meeting, it was thought that printing the article "How to Ride in a Group" in the newsletter would provide this information to riders without web access, however since the article explicitly prohibits reprinting it without prior written permission, it was subsequently thought to be best to obtain said permission prior to reprinting it. Hopefully, this article will be printed in the hardcopy newsletter in the upcoming issues.

Efforts to distribute an electronic version of the club newsletter via the club website continue. Hope-

"An excellent ride – super organization and routes – hope do it next year too."

Transportation Enhancements Recommended

On April 7, the Bicycle and Pedestrian Facilities Committee met at Pikes Peak Area Council of Governments to consider 13 applications for Federal funding. The committee highly recommended five projects:

--Rock Island Trail from Murray east to near Powers: land acquisition and design.

--West Uintah improvements (from Cooper to Mesa): widen right-of-way on northside of Uintah by means of retaining wall, to allow enough width for separate facilities for bicycles and pedestrians.

--Manitou Springs Creek Walk - Eastern End: 3600 feet of bike-and-pedestrian path from the eastern boundary of Manitou Springs to the Recreation Center swimming pool.

--Pikes Peak Auto Livery building in Manitou Springs: interior construction in historic building.

--Woodland Park: Sidewalk connecting Centennial Trail (along Route 67) to Meadow Wood Park.

The total funds requested are \$681,100 (not including local match of at least 20%). The Committee's recommendation now goes to the Transportation Advisory Committee of PPACG, then to CDOT Region 2 (the southeast part of Colorado). The total funds available for the region will probably be at least \$1 million. Of this amount, our area should get about one-half million. Hence, we can be cautiously optimistic that these five projects will be carried out.

The Bicycle and Pedestrian Committee will soon become the Transportation Enhancement Committee, whose tasks will include archeological and historic preservation. The five highly

recommended projects reflects this diversity, and requests funds for projects in various municipalities.

7th Annual Road Ramble

The 7th Annual Road Ramble on Sunday August 27, 2000 benefits the Emily Griffith Center. This inspiring ride begins and ends at the Emily Griffith Center Ranch in Larkspur just south of Castle Rock. Three (25, 99, and 102 mile) courses wind through beautiful rolling horse country, offering great climbs through the Black Forest and Air Force Academy, as well as a spin through Peyton on the century loop. The \$40 registration fee (\$45 on the day of the ride) goes directly to meeting the needs of the troubled children and families served by the Center and is 100% tax deductible. It includes a t-shirt and post-ride party with Old Chicago. Come out for a great day of riding while making a difference in the lives of kids. Stay Tuned for Mountain Biking with Michael

Yes, the infamous author Michael Merrifield will be leading rides in July and August. If you'd like to ride some of the routes described in Michael's books, visit our web site at www.bikesprings.com. At the time the newsletter went to print Michael was leaving on a family emergency in Arizona and wasn't able to give us an exact schedule. Once Michael returns from Arizona we will post an updated calendar on the web site with Michael's mountain bike rides.

Ride Calendar Update

There are many changes to the ride schedule for July and August. Rob Miskowitch's training rides have been removed. Rob says that once the racing season is over he will again lead these rides.

New for this issue is our first attempt to assign categories to our rides. We are learning and I'm sure not all rides will exactly hit the target. As you review the schedule you will notice most rides are rated "D" or "C". This is because we have a shortage of ride leaders to lead "B" and "A". We hope that with time we will have more rides in all categories. The current system doesn't fit mountain bike rides very well. We have tried to grade those rides and eventually we will have a system for mountain bike rides as well.

We have several new rides and some new mountain bike rides. We officers and board members have been working very hard to get more rides onto the schedule. Please try to get out and support our new leaders. It is discouraging to show up to lead a ride and there is no one there to ride. So get out and ride some of these new rides. Many of the rides are RSVP rides. These means that you must phone the leader prior to showing up for the ride.

The Wednesday evening Air Force Academy Ride is now a Show'N Go without a leader. The route and pace will be determined by who shows up. It now meets at the South Gate at the trailhead for the Santa Fe Trail. This ride is a road ride, not a trail ride.

The Saturday morning Kinder Gentler Ride has a new start time of 8:30 AM. See the ride schedule for start locations.
